MUZRAI SECRETARIAT.

OFFICE NOTE.

File No.

Subject.

Repairs to the Dhwajastambha in the temple of the Sri Srikanteswara Swami at Nanjangud.

From

The Chief Engineer of Mysore

No. 8358 Dated 13th December 1906.

During the inspection of the Sri Srikanteswara Swami temple at Nanjangud by the Muzrai Secretary in June last, he observed that the Dhwajastambha in the temple was a little out of the perpendicular. The Deputy Commissioner was requested to make arrangements ~~that should be made~~ for a careful examination of the Dhwaja-Stambha by the local Assistant Engineer of the P. W. D. ~~for whose report should be made to the Chief Engineer~~.

The Chief Engineer was also

File No. of Muzrai Secretariat.

requested to direct the Assistant Engineer at Nanjangud to inspect and report together & Submit a with an Estimate for the work as to what was required to be done to the Dhwajastambha at an early date.

The Chief Engineer forwards the report of the Assistant Engineer, Nanjangud dt., wherein he states that the bottom of the Dhwajastambha has been rotten owing to the rain water running inside the wood through crevices in the copper sheets enclosed outside. It is further stated that on enquiry made in the District Forest Officers of Mysore and Kadur, Honne wood of 46 feet in height is not available in their Districts and that the Contractor of Malabar promises to supply this pole, if the Estimate is sanctioned. The Chief Engineer forwards for sanction an Estimate for Rs. 500/-. This includes a sum of Rs 96/- for the necessary religious Ceremonies &c.

Muzrai Secretariat. | File No. of 190

Muzrai Secretary's remarks:—

The Dhwajasthambha has become rotten at the bottom and has become bent I have seen it Its entire removal and replacement by a new post seem very urgently required The estimate received for Rs 500/- may therefore, it is submitted, be sanctioned, the charge being debited to the savings of the institution. The work may be ordered to be executed with great care by the Public Works Deptt 267 Submitted to the 2nd Councillor.

19. 12 1906.

This was shown to me on the occasion of my recent visit to Kanjangad - The Estimate may be sanctioned & the work ordered to be done carefully

Deputy Commissioner's Office
Bezwada District

No. 127 Dated Bezwada 15th Oct. '66

To
L. Ananthacharlu Esq: B.A.
Secretary to the Government
of Bezwada Bezwada

Sir,

In reply to your letter No: 227 dated the 19th July 1866 calling for the submission of a detailed report together with an estimate of the probable cost of remedying the existing defects of the Dhurga Jasthambha of the Sri Sri Sri Venu Gopala Swami Devasthanam at Vijayawada, I have the honour to state that the Assistant Executive Engineer, Nuzvid Division had written to me to submit the report which had to be returned to him for a detailed report together with an estimate called for in the letter cited above.

2. On receipt of the Assistant Commissioner's further report, it will be submitted to you.

I have the honour to be,
Sir,
your most obedient humble servant

Deputy Commissioner
Bezwada

Docket no. 669 dated 20th September 1906 from the Executive Engineer, Mysore Division, to the Superintending Engineer, Western Circle.

With reference to Superintending Engineer's docket no. 3438 of the 12th instno, calling for an estimate for what is required to the Dvajastambha of the Sri Srikanteswara Swami Temple at Nanjangud, has the honour to report that the Assistant Engineer inspected the Dvajastambha and found it necessary to be replaced by a new one altogether, the bottom portion of the Dvajastambha being rotten. He has also submitted an estimate for the same A Home wood pole of 46' in length is required for its renewal. The District Forest Officer, Mysore, was Consulted and a pole of this length is not available in the Mysore District Forests. The District Forest Officer, Kadur District, has therefore been addressed if a pole of this length can be had there and what its cost will be.

The Estimate will be submitted on receipt of his reply.

No 6944 of 19th October 1906.

Copy of above forwarded to the Secretary to the Government of His Highness the Maharaja of Mysore, Mungrai Department, with reference to his no. 228 of 12th July last for information.

2. The Estimate promised will be forwarded on receipt.

amounting to Rs 500/- is enclosed with a report the work proposed to be carried out.

2- The Stambha is 46' long and the undersigned was informed by the Agnikka and other temple authorities that the new post should be of the same height and that it should not be made up of pieces (Iron or armoured posts cannot be used according to their statement for Dhwajstambha). On enquiry, the district forest officers of Cuppone and Kadur inform that such long poles of Stonne or Jambé wood are not available in their districts but that Kratti can be had this wood not very soon and so, it is not advisable to use it. From enquiry it is learnt that Stonne wood poles of the required dimensions can be had in the Malabar forests and it is proposed to get one from there. A Sum of Rs 100/- has been entered in the Estimate for cutting and Carting it from the interior of the forest. A Contractor for carting timber from Malabar promises to supply this pole. If the Estimate be Sanctioned, arrangements will be made for getting a pole and fixing the post with needful repairs to roofs &c.

3- A lump Sum of Rs 96/- is also allowed for the needful religious ceremonies. This amount, it is believed will suffice for the same.
